

UPDATE

'MOVE WITH HOWES PERCIVAL'

October sees the launch of our new service to Financial Advisers, Mortgage Brokers, Estate Agents and other property intermediaries with the introduction to the market of www.movewithhowespercival.com.

Property Partner Chris Kennedy says "www.movewithhowespercival.com will enhance our first class conveyancing service with 24/7 real time on-line case tracking for clients and their supporting property professionals so that when it happens all interested parties know".

But that's not all – www.movewithhowespercival.com goes further in providing to Financial Advisers, Mortgage Brokers, Estate Agents and other property intermediaries detailed management information on all of their cases without registration subscriptions or annual fees.

Kennedy says "sharing information between property professional and tools to enable us to manage our businesses more efficiently can only benefit the service we can provide to clients. If you are a property professional you can expect a call from us".

Remember that Howes Percival LLP is the firm that will bring added value to every property transaction for all parties concerned.

MORTGAGE BUSINESS EXPO

For the third year running we will be exhibiting at Mortgage Business Expo which is taking place on the 14th and 15th November. Please feel welcome to come and see us on stand E51.

HIPS – STAGE 2

Home Information Packs "HIPS" went live on the 10th September 2007 for homes with three or more bedrooms.

The penalty for not having a HIP is a fine, with the potential of a banning order for any estate agent who does not comply with the new regime. What better way to deal with the headache it could cause than just one phonecall? At Howes Percival we are dedicated to making your life easier,

and by simply making one call we can deal with the HIP for you and your client. The pack will include the relevant searches, energy performance certificate, Title documentation and the relevant leasehold documentation where applicable, and a full index. All this collated from one phonecall from you or your client. Sound too easy?

We at Howes Percival, in conjunction with a national HIP provider, are able to provide a bespoke packaging with your logo on the HIP pack, together with online tracking of the production for your convenience. With prices from only £299 plus VAT and a range of finance options for your client can you afford to miss out?. For further details please do not hesitate to contact Sarah Willis on 01908 247552 or Email at sarah.willis@howespercival.com who is fully versed with the requirements and information you need to know about HIPS.

CHRISTMAS

Here at Howes Percival it will be business as usual for the majority of the Christmas period. However, our offices will be closed on Christmas Day, Boxing Day, New Years Eve, and New Years Day.

LET US KNOW!

How would you like to receive the next issue of Howes Business? If you would prefer an Email copy straight to you rather than a hard copy please Email 'Howes Business' in the subject line to simon.sims@howespercival.com
